# Majestic Hills Ranch

MHR provides children and adults with special needs the opportunity to achieve a sense of freedom, joy in accomplishment, and increased self-esteem while giving their families hope through the use of horses and adaptive horseback riding lessons.

Located in Lakeville, MN, we are the largest facility near the Twin Cities that serve the community south of the Minnesota river. We are beginning our 25th year of helping riders and look forward to showcasing to the public the beauty of our Ranch and the wonders that our horses can accomplish.
