

SEIZURE INFORMATION

Please fill out the following form if your child has experienced a seizure within the last 5 years.

While we know that seizures and triggers vary greatly, Majestic Hills Ranch would like to prepare our instructors and volunteers so as to make your child's horseback riding lessons as safe as possible. Please make sure to inform staff if there has been a change of medication or an illness that may increase seizure activity.

My physician and I believe that with medication without medication my child's seizures are:

Completely Controlled Somewhat Controlled Not Controlled

What type of seizures do they have: _____
